To Whom it may concern,

I'd like to request that the Memorandum of Understanding (MOU) be amended. In its present form, the MOU, as well as the compounding section 503 A of the Modernization Act, severely restricts the rights of physicians and patients to obtain healthcare products from the provider of their choice and infringes on the rights of compounding pharmacists to serve the public's medical needs.

I'm a Brazilian jazz singer who lives in Jersey City, N.J. and for five years I've been using natural hormones from a custom compounded pharmacy in another state, Wisconsin. If this new legislation is approved the way it's now, my relationship w/ the pharmacist and physician, by extension, and hence the possibility of keeping receiving these medications is threatened.

Hoping that you'll work for the amendment of MOU,

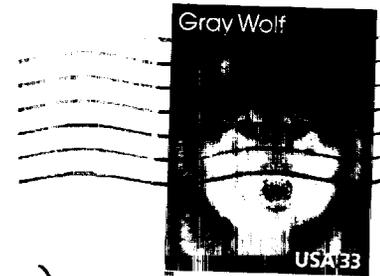

Sincerely,

C 1992
